As part of the Janssen Link program requirements, Janssen Link confirms eligibility criteria are met for continued participation for patients already enrolled by conducting verification of insurance coverage for patients who have a coverage change throughout the program. Not completing the reverification process may lead to discontinuation or disruption of a patient's currently prescribed Janssen treatment.

Before beginning the process, review all critical steps [here](#) that are needed to complete the reverification. Below, we have provided the list of your Janssen Link patients to be reverified.

Select **Janssen Link** icon to view a list of your enrolled patients.

Action Required alerts will prompt you when:

- It is the anniversary of the patient's Janssen Link eligibility date*
- There is a change in the patient's insurance coverage*
- The patient's insurer adds the prescribed Janssen medication to their formulary list*
- Provider attestation is needed

*Reverification is required

1 Patients with **Action Required** appear at the top of the list.

2 **Completed** patients appear at the bottom of the list.

3 Select response from **Attestation Needed** dropdown to confirm if patient requires reverification.

TIP: You can update a patient's status at any time if patient is no longer being treated by your office or on the prescribed medication.

4 **Add/Remove Columns**

Select up to 10 columns to view, including the patient's Janssen Link Eligibility Date.

Filter List | Add/Remove Columns

Please select max of up to 10 columns.

- Attestation: Patient ID
- I attest: Patient Name required
- I attest: Date of Birth required
- I attest: Action Required required
- I attest: Prescriber Name required
- Select: Product required
- I attest: Prior Authorization Status

4 Steps of the Janssen Link Reverification Process

The first time you visit the Janssen Link tab, you will be prompted to review the 4 steps and then to check the box acknowledging that you have read and understood the process.

I have read and understood the four steps to the Janssen Link Reverification Process

[Return to Patient Dashboard](#) [Continue to your Janssen Link Patient List](#)

Step 1: Review your patient's information and provide attestation if needed

Select "I attest" to agree to the program requirements and to take any necessary action for your patient's enrollment in Janssen Link.

If the patient is no longer with your practice or on the product, select appropriate response. No further action is required for these patients.

Patient ID	Patient Name	Prescriber Name	Date of Birth	Product	Prior Authorization Status	Appeal/Exception Status	Janssen Link Eligibility Status	Attestation Needed	Action Required
PT-01173858	Wilson, Sam	Joseph Cane	10/20/1990	STELARA*				Select	
PT-01173859	Johnson, Ted	Joseph Cane	11/02/1992	STELARA*				I attest	
PT-01173860	Smith, Sally	Joseph Cane	09/02/1960	SIMPONI*				Patient no longer with provider	
PT-01173861	Anne, Jo	Joseph Cane	02/02/1967	SIMPONI*				Patient no longer on product	

Step 3: Submit an appeal/exception for your patient to challenge the coverage determination

If coverage is denied, you must challenge the coverage denial with a Letter of Exception (LOE), Letter of Medical Necessity (LMN), or an appeal within 90 days and submit the response details.

Appeals Response Details

Populate the following Appeals response details returned by the patient's insurance provider. You can optionally choose to upload the Appeals document returned by the patient's insurance provider to facilitate keeping track of your patient's access journey.

Response: Select

Appeals ID: 3137113

Submitted Date: Month Day Year

Instructions to Follow-Up:
