### A Call From Your Janssen CarePath Care Coordinator

A Janssen CarePath Care Coordinator **will call you** to:

- Review your health plan benefits and answer questions about insurance coverage. It may be helpful to have your insurance card handy
- Identify options that may help you afford your Janssen medication
- Help you get your medication from the pharmacy

2

### Connect With Your PAH Companion

- Your dedicated PAH Companion\* **will call you** to learn more about you to put together personalized educational resources based on your needs and daily life
- Your PAH Companion will connect you to support groups, virtual educational webinars, digital tools to monitor and track your health, and the latest PAH resources

### Medicine Delivery

- If your medicine is only available through a Specialty Pharmacy, the Specialty Pharmacy will deliver your medicine to your home
- The Specialty Pharmacy **will call you every month** to confirm your prescription order and schedule the following month's shipment
- Please be sure that someone is home to sign for your medication package
- You may also work with multiple Specialty Pharmacies to receive your medication

**NOTE: The Specialty Pharmacy may not ship your medicine without speaking to you first. If you miss a call from the Specialty Pharmacy please be sure to call them back to confirm your medicine shipment, and save the number to your phone so you recognize future calls.**

## YOU MAY RECEIVE A CALL FROM A NUMBER YOU DO NOT RECOGNIZE.

*On the back of this page you will find phone numbers for your Janssen CarePath Care Coordinator and your PAH Companion. We recommend saving these numbers to the contact list in your phone.*

*You may also use the QR code to add them.*

\*PAH Companion is limited to education about your Janssen therapy, its administration, and/or PAH. It is intended to supplement your understanding of your therapy, and does not provide medical advice or replace a treatment plan from your doctor, nurse, or healthcare team.

## Important Contact Information

Make sure that you scan the QR code using the camera on your smartphone and that your phone is connected to the internet. This will ensure that the contact information is added directly to your contacts and will also help you identify when your Care Team is calling you. If you don't have a smartphone, we encourage you to manually input and save the contact information to your phone. You may also use the blank fields below to write down the contact information.
