

Specialty Pharmacy Information for ERLEADA® (apalutamide)

ERLEADA® is distributed by specialty pharmacy providers (SPPs) that are equipped to facilitate product fulfillment and patient support. This informational resource provides you with a list of some SPPs that carry ERLEADA®. These SPPs were selected for the ERLEADA® network due to their geographic coverage, payer coverage, and ability to fulfill and dispense oral oncolytics.

Specialty pharmacies may offer services to verify insurance coverage, identify potential patient assistance programs, and provide additional information to patients to increase adherence.

Janssen CarePath can help your office identify where patients can obtain their Janssen medications. For example, we can help find a specialty distributor where you can order a Janssen product for your office, or access treatment through a pharmacy, without direct purchase or billing of product.

Call a Janssen CarePath Care Coordinator at 877-CarePath (877-227-3728), Monday-Friday, 8:00 AM to 8:00 PM ET.

Multilingual phone support available.
