② How to use your Savings Program benefits

How your card can be used depends on the insurance you use to pay for your medication:

If you use your **medical/primary insurance** to pay for your medication through your doctor, treatment provider, or pharmacy:

- You may use your card to receive a rebate, **OR**
- You may assign your benefits directly to your treatment provider. Please discuss this option with your provider

How it works:

- Your provider or pharmacy may or may not collect your co-pay, based on your insurance coverage
- You receive your treatment with REMICADE® (infliximab) or Infliximab
 - Your provider or pharmacy submits your claim to your healthcare insurance provider
- You and your provider receive an EOB statement from your insurance
 - You are responsible for submitting the EOB to Janssen CarePath Savings Program, or you can request your provider to submit the EOB on your behalf (see *How to submit a rebate request* below)
- Janssen CarePath Savings Program reviews your EOB, and issues rebate to your card, to you by check, or to your provider if you have assigned your benefits to your provider

If you use your **pharmacy/prescription insurance** to pay for your medication from a pharmacy:

- You may use your card (provide your Member ID #, Rx BIN #, and Group #) to receive instant savings off the cost of your medication
- The pharmacy will collect your co-pay

Remember to bring your card to your treatment appointment. Your card is not a credit card. There is no charge for your card.

If for any reason your provider or pharmacy cannot process your card, please call us at 877-CarePath (877-227-3728).

You may be able to submit a [Rebate Form](#) to receive a check. Proof of medication payment required.
