6. JANSSEN LINK PROGRAM

Janssen Link, a program offered by Janssen CarePath, is for eligible patients with commercial insurance who have been prescribed SIMPONI® for an on-label FDA-approved indication. It enables patients to receive SIMPONI® at no cost if the patient has commercial insurance that has delayed (>5 business days) or denied their treatment. See program requirements below and on back.

By enrolling patients in Janssen Link, I certify to not purchase the Janssen medication on behalf of Janssen Link patient participants, and not bill commercial payers for any part of the prescribed subcutaneous treatment. I also agree to complete and submit a form of coverage determination (ie, prior authorization or prior authorization with an exception) to the commercial insurance. If coverage is denied, then I agree to challenge the coverage denial with an exception, Letter of Medical Necessity, or appeal. I also understand that Janssen CarePath will monitor prior authorization status.

7. PRIOR AUTHORIZATION

Prior Authorization Form Assistance and Status Monitoring: Janssen CarePath assists your office in providing the requirements of the patient's health plan related to prior authorization for treatment with SIMPONI®. Assistance includes obtaining the health plan-specific prior authorization form, and providing it based upon the patient-specific information provided on this form. The partially completed prior authorization form will be provided to your office for possible completion and submission in the office's sole discretion. Janssen CarePath also actively monitors the status of prior authorization submission to the patient's plan and provides status updates to your office with respect to this patient's prior authorization for treatment with SIMPONI®.

I do NOT wish to receive Prior Authorization Form Assistance or Status Monitoring. This opt-out does not apply if you are requesting the patient be enrolled in Janssen Link.
 Prior Authorization is already on file with the patient's plan for treatment with SIMPONI®.

Please see full Prescribing Information, including Boxed Warnings, and Medication Guides for [SIMPONI®](#). Provide the appropriate Medication Guide to your patients and encourage discussion.

Patient insurance benefits investigation and other Janssen CarePath program offerings are provided by third-party service providers for Janssen CarePath, under contract with Johnson & Johnson Health Care Systems Inc. on behalf of Janssen Pharmaceuticals, Inc., Janssen Biotech, Inc., and Janssen Products, LP (Janssen). Janssen CarePath is not available to patients participating in the Patient Assistance Program offered by Johnson & Johnson Patient

Assistance Foundation. The availability of information and assistance may vary based on the Janssen medication, geography, and other program differences. Janssen CarePath assists healthcare providers (HCPs) in the determination of whether treatment could be covered by the applicable third-party payer based on coverage guidelines provided by the payer, and patient information provided by the HCP under appropriate authorization following the provider's exclusive determination of medical necessity. This information and assistance are made available as a convenience to patients, and there is no requirement that patients or HCPs use any Janssen product in exchange for this information or assistance. Janssen assumes no responsibility for and does not guarantee the quality, scope, or availability of the information and assistance provided. The third-party service providers, not Janssen, are responsible for the information and assistance provided under this program. Each HCP and patient is responsible for verifying or confirming any information provided. All claims and other submissions to payers should be in compliance with all applicable requirements.

Janssen Link enables eligible patients to receive SIMPONI® (golimumab) at no cost until they receive coverage. See program requirements below and on previous page.
